Attachments: 2015-01-16 EPA to PRPs_SNL.pdf

Van Dyne was acquired by Newmark, the cover page for the SNL is on page 23 of this pdf. The cover page for Dayton Industrial Drum is page 9. The other pages of the SNL begin on page 56. This pdf is doc #917488 in SEMS. We received no responses from Van Dyne/Newmark or DID.

Subject: FOIA EPA-R5-2016-010107 South Dayton Dump & Landfill

Good morning-

I received the attached FOIA Request, which asks for correspondence between the EPA and several entities regarding the Special Notice Letter that was sent by the EPA in January 2015.

I have also attached a listing of the correspondence found in SEMS. Correspondence for two of the entities, Van Dyne Crotty and Dayton Industrial Drum, was not located in SEMS.

Since all of you are assigned to this site, please advise if you have any correspondence responsive to this FOIA request for Van Dyne Crotty and/or Dayton Industrial Drum that needs to be uploaded into SEMS. If you do, please forward the document(s) to Todd Quesada so they can be uploaded.

Please advise- thank you for your assistance in this matter.

Carol Carlini
